NPIC REGULATION
NO. 5-101

PUBLICATIONS
11 July 1963

COORDINATION OF REGULATORY ISSUANCES

1. NPIC REGULATORY ISSUANCES including regulations, notices, and handbooks, shall be coordinated among the various Center components concerned to obtain, where possible, concurrence with proposed issuances, or to identify areas of disagreement.

2. CATEGORIES

To facilitate the rapid processing of proposed NPIC regulatory issuances, the following categories of coordination will be used:

Category No. 1 - coordinated with the O/DIR only.
(Directed)

Category No. 2 - coordinated with selected Center components
(Limited) dependent upon substantive content.

Category No. 3 - coordinated with all Center components with
(Rapid) two-day deadline for reply. If no reply is received, concurrence will be assumed.

Category No. 4 - coordinated with all Center components with
(Full) replies, either negative or affirmative, required.

3. RESPONSIBILITIES

a. The Executive Director is responsible for reviewing replies from Center components on coordinated issuances and approving the final content of NPIC regulatory issuances prior to their publication. This responsibility may be delegated as appropriate.

b. The Assistant for Administration is responsible for ascertaining the extent of coordination required for each proposed regulatory issuance, soliciting concurrences and/or comments from Center components as necessary, and forwarding resultant replies and appropriate recommendations to the Executive Director.
